Dear

I am writing to express my sincere thanks for your participation in the recent ARPA-sponsored Summer Study in San Diego. Although my schedule required that I leave the conference before your arrival, I have heard from my staff and other participants that your articulation of problems in intelligence and your comments in other conference sessions were particularly germane and helpful.

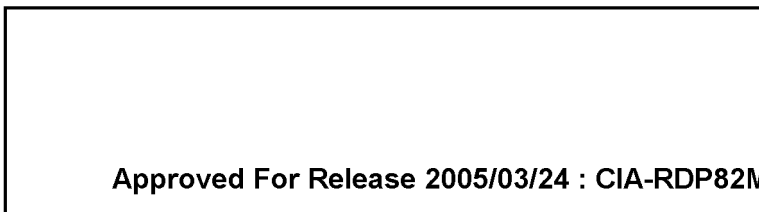

The draft report of the Summer Study is now being prepared for distribution to all participants. I hope that the recommended research avenues proposed by the conferees will provide a framework for well focused research with a high likelihood of payoff. I would be pleased to meet with you after you have reviewed the report to discuss any specific comments you might have.

Once again, please accept my thanks for your most helpful contributions.

Sincerely,

S. J. Lukasik
Director
